WELCOME TO SCOTLAND'S BOAT SHOW 2016

We are delighted to have the honour of receiving HRH The Princess Royal to open the 30th Anniversary of Scotland's Boat Show here at Kip Marina, which has now grown into the largest brokerage show in the UK.

We would like to express thanks to our key Sponsors and Partners for SBS16 - RYA Scotland, Event Scotland, West College Scotland, Clyde Life Magazine, and Practical Boat Owner on whom we depend to ensure that Scotland's Boat Show remains admission free. This year we offer a particular thanks to Event Scotland who are supporting the Get On The Water Pavilion.

For all things Boats and Boating Roseann and the team at Michael Schmidt & Partners together with our many other Marine Exhibitors have an impressive range of vessels for sale so please take your time and discover what is on offer.

Within this magazine you will find a note of the many events and attractions over the Show, so please read through and remember you are allowed to come back another day!

You can also keep up to date with daily events by following Scotland's Boat Show on Twitter, Facebook, Instagram or by visiting www.scotlandsboatshow.co.uk.

If your visit has inspired you to seek an introduction to Boating then please speak to RYA Scotland at their stand or any of the Kip Marina staff who will only be too happy to help and point you in the right direction.

We are here 365 days a year and offer a range of services, goods and leisure activities at Kip, including our clothing store, The Chartroom Restaurant, Sea Change Therapies and Café Riva and you are welcome any time.

In the meantime I hope you enjoy Scotland's Boat Show 2016.

As ever the show would not be what it is without Kevin Blamire and his team, Heath Gairns and his team, the two John's Millar and Millan and their squad without whom the show would not come together.

Gavin McDonagh
Managing Director

Editor David Pugh said: 'Last year we had a great response at the Scotland Boat Show when we exhibited our restored Snapdragon 23 *Hantu Biru* and thousands of show visitors entered a competition to win her. This year we're looking forward to sharing details of our new project – building a 20ft plywood gaffer, called a Secret 20, from a kit

PBO's new Project Boat should, one day, look like this

'Once again we've teamed up with RYA Scotland to host a series of free practical talks throughout the show. We're lucky to have such a strong line-up of industry professionals giving up their time to join us at the show and we're looking forward to the inspirational, entertaining and informative topics.

'On the water, we're proud to be able to showcase some great, affordable boats from four owners' associations. Every year, the UK's third largest boat show gets bigger and better and we look forward to seeing you there.'
